Amendment To Complaint

I Randell Hampton would like to amend my Complaint by bringing 2 new defendant to the attention of the courts. I would like to add the "Alabama Department of Corrections to this complaint for which this said matter is prayed."

1) C.O.I. Frizpatch, C.O.I. MS. Hanes, and Capt. Perkins. of Bullock Correctional Facility. All of these Correctional officers neglected my medical needs by not getting me help when needed. These officers left me there in pain; this is cruel and unusual punishment. I went into a seizure and the officer on different occasions ignored my needs for emergency help under my health conditions. That is a violation of my constitutional rights.

Amendment TO Complaint

(2)

I Randall Hampton is amending this complaint for the Prison Health Care Service. I don't know the PHC's workers name because they don't wear name tags. One of the workers left me with out medical attention or emergency help when needed. I was having a Seizure at the time. That was one violation of my Constitutional rights. These workers don't give me the proper medical treatment. Doctor Sedack did not give me the proper medication that I need to take. The Doctor just refuses to give me what I need to stop having these Seizures. I need the medication that I use to take at home. I would like the Courts to straiten out this injustice and I would like to see each one of the defendants in their personal compasity. I would like to be compensated for my pain and suffering and mental anguish.
